

Fox Run Regional Park

Wedding Gazebo Guidelines

- ❖ For groups over 200 people: Permit holder must assign authorized personnel to direct parking and traffic. Personnel must wear reflective gear (or specific color) for identification.
- ❖ Permit holder may display small signs indicating the way to the wedding.
- ❖ Wedding parties are allowed to decorate, however all decorations must be removed at the end of the reservation. Decorations may be secured by using string, ribbon or paper streamers.
- ❖ Decorations are not to be secured to pavilion supports, trees, plants, park signs or traffic signs. (Sorry, park employees will remove them!)
- ❖ No nails, staples, tacks, pins. (It makes holes in the wood allowing moisture penetration that will rot the wood.)
- ❖ No scotch tape, duct tape, masking tape or electrical tape. (It will pull paint off of structures.)
- ❖ You may use artificial (plastic or silk) flowers for decorations. Please do not forget to remove them following the wedding.
- ❖ Bride & groom may be showered with real rose petals. Please do not shower the bride & groom with artificial (plastic or silk) flowers, bird seeds, wild flower seeds or confetti. (Fish eat them or they get caught in the fish gills. They do not decompose and will clog pumps and the fountain.)
- ❖ Alcohol consumption is NOT allowed on any County Parks property. (Sorry, it's the law). Please do not use glass containers.
- ❖ Lighted candles are not allowed. (Fire danger!) Battery operated candles are permitted.
- ❖ Soft acoustic music or portable stereos are allowed.
- ❖ It is the permit holder's responsibility to clean up the reserved facilities and leave it in good, clean condition.
- ❖ Trash that does not fit in the provided receptacles must be removed from the park by the permit holder.
- ❖ Bagging the trash and setting it next to the receptacles is not permitted due to animal activity and other safety reasons.

The permit entitles you to exclusive use of the area designated for your permit. (Please make sure you have a copy of the permit/sales receipt with you.) Other visitors may be in the park and/or have reserved use of other areas. Facilities and areas of the park that are not reserved are used on a shared basis.

Congratulations on your upcoming wedding.
